COMP396 Weekly Meeting Minutes

(Week 11)

Date & Time: Friday, December 5th, 2025, 14:00-15:00

Location: Sydney Jones Library / Abercromby Study Room 2

Note Taker: Zhao Saria

Attendees: Zhao Saria, Zhang Olivia, Xue Yudan, Wong Haw

---

1. Agenda:

- Update on the rescheduling of the Supervisor meeting.
- Plan logistics and attendance for the upcoming Supervisor meeting due to scheduling conflicts.
- Review the progress of code preparation (Task J2).
- Finalize the list of questions for the Supervisor, incorporating the newly added questions.

---

2. Discussion & Decisions:

2.1. Supervisor Meeting Rescheduling

- **Status:** The meeting originally planned for this week did not take place due to the Supervisor's unavailability.
- **Action:** Zhao Saria has sent a new email to the Supervisor to reschedule. We

are proposing a slot **after 15:00 on next Thursday (December 11th)** and are currently awaiting confirmation.

2.2. Attendance Adjustment for Next Week

- **Conflict:** Zhang Olivia and Zhao Saria have an unavoidable schedule conflict with the proposed meeting time next Thursday.
- **Resolution:** It was decided that Wong Haw and Xue Yudan will attend the meeting with the Supervisor in person. Zhang Olivia and Zhao Saria will attempt to join the meeting online if circumstances permit.
- **Preparation:** To ensure efficient communication, Zhao Saria and Zhang Olivia will compile a detailed list of questions and talking points to be handed over to Wong Haw and Xue Yudan.

2.3. Progress Update: Coding

- **Code Completion (Task J2):** Zhao Saria has successfully completed the coding for the data analysis tools. This ensures that for future analysis, we will have rigorous mathematical backing for all trend identifications, strictly avoiding the "visual inspection" (eyeballing) issue raised during the presentation feedback.
- **Status Update:** Due to the upcoming COMP323 examination next Tuesday, we are currently in a state of intensive revision. We agreed to pause project tasks to focus on exam preparation and will resume immediately after the exams.

2.4. Refinement of Supervisor Questions

- We updated our list of questions for the Supervisor. We added a specific request for the Supervisor to analyze the points lost in our first report/presentation. Understanding exactly where we lost marks will be crucial for improving the quality of the next submission.

---

3. Task Allocation:

Our team’s focus for the immediate future is divided between academic assessment (exams) and preparing for the rescheduled Supervisor meeting.

ID	Module	Task Description	Owner	Due Date
K1	Meeting Prep	Compile the final list of questions (including the new query on lost marks) and brief Wong Haw/Xue Yudan.	Zhao Saria, Zhang Olivia	Dec. 10
K2	Supervisor Meeting	Attend the rescheduled meeting with the Supervisor (In-person representation).	Wong Haw, Xue Yudan	Dec. 11
K3	Strategy Planning	Resume work on Data 2 strategy formulation immediately following the Supervisor meeting.	All Members	Dec. 11

---

4. Current Challenges and Issues

- **Exam Pressure:** The primary challenge this week is balancing project progress with the revision required for the COMP323 exam. Project work is temporarily paused to ensure academic success in the module.
- **Scheduling Conflicts:** Scheduling the next meeting was difficult because of individual conflicts. We had to arrange a mix of in-person and online attendance to ensure everyone is included.

5. Supervisor Question

- **Updated Question List:**
    - Which indicators are considered necessary requirements for the Data 2 assessment?
    - Could you please help us analyze the specific areas where we lost marks in the first Report so we can address them in the next phase?

6. Next Meeting Arrangement

- **Supervisor Meeting:** Thursday, December 11th, 2025, >15:00 (Time TBC).
- **Team Internal Meeting:** Thursday, December 11th, 2025, 17:00-19:00 (Online).
- **Key Agenda Items:**
    - Summarize the Supervisor's responses and guidance.
    - Officially launch the Data 2 analysis phase.
